

Teddy Bear Instructions

1. Cut two pieces of fabric 8.5 x 10.5 (or use a folded FQ)
2. Lay fabrics right side together and trace template on the wrong side with a marker or pencil you can see well
3. Sew all around the bear ON THE DRAWN LINE with small stitches and back stitch at opening to reinforce
4. Cut out 1/8 to 1/4 inch outside the drawn line so curves will turn well
5. Turn right side out
6. Stuff head and neck first, then arms and legs, then the body. Stuff firmly.
7. Hand or machine the opening closed.
8. Put a ribbon around the neck. Tie in a square knot before making the bow. Hand tack the ribbon with a few stitches at the back of the bears neck
